# Target Audience

- Youth, primarily 18 - 25 year olds
- Living in student housing/res at the University of Cape Town
  - Live in close-quarters with many other students
  - Frequently in-transit and in contact with people outside of res
  - Low-risk but can spread the virus to others
    - Have resources but can infect those who don't
- Many SA youth have access to mobile phone
  - Access to wifi and data through UCT

# Campaign Objectives

- Raise awareness of preventative measures amongst 18 - 25 year olds
- Increase number of students taking precautions

# Timeline

- Beginning March 2021 (assuming there is no vaccine/cure by then)
  - Residences open for UG students
  - Many students begin returning to campus
- Ending June 2021
  - First semester courses nearly finished

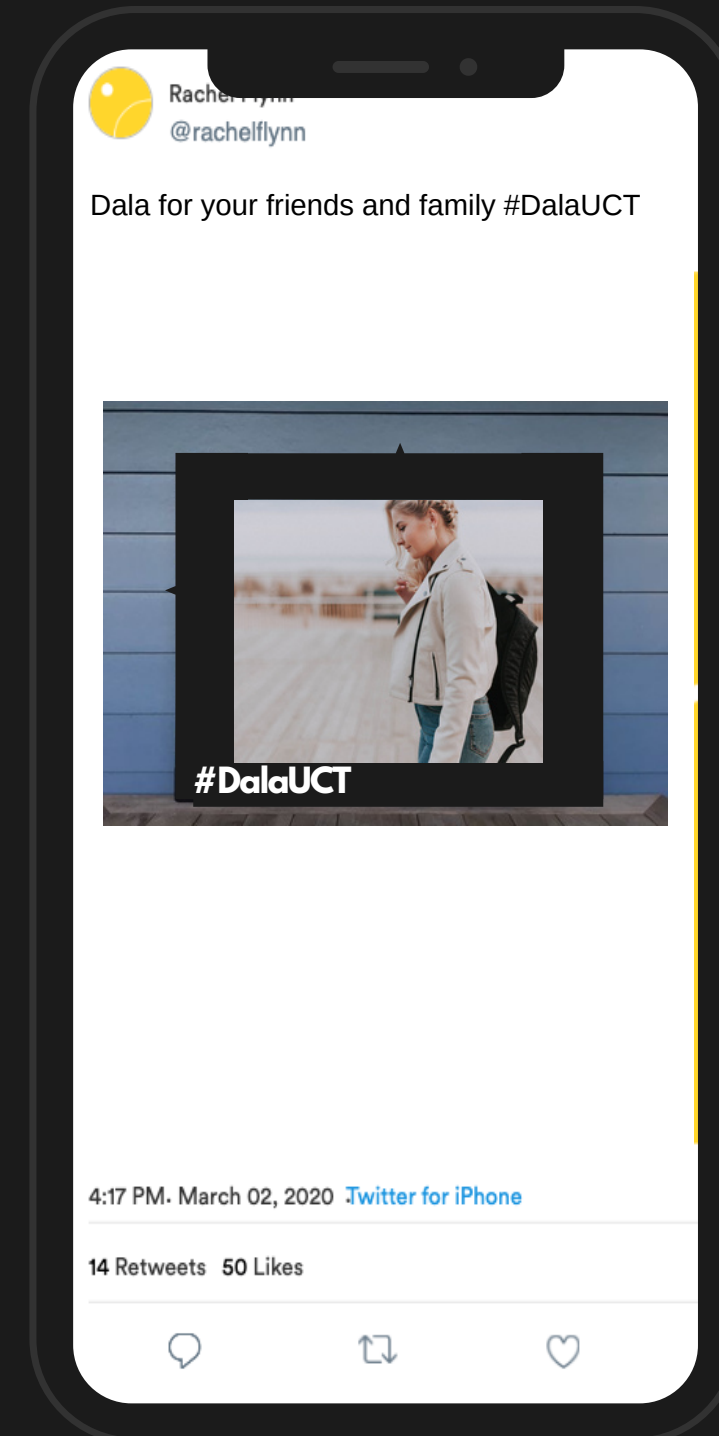

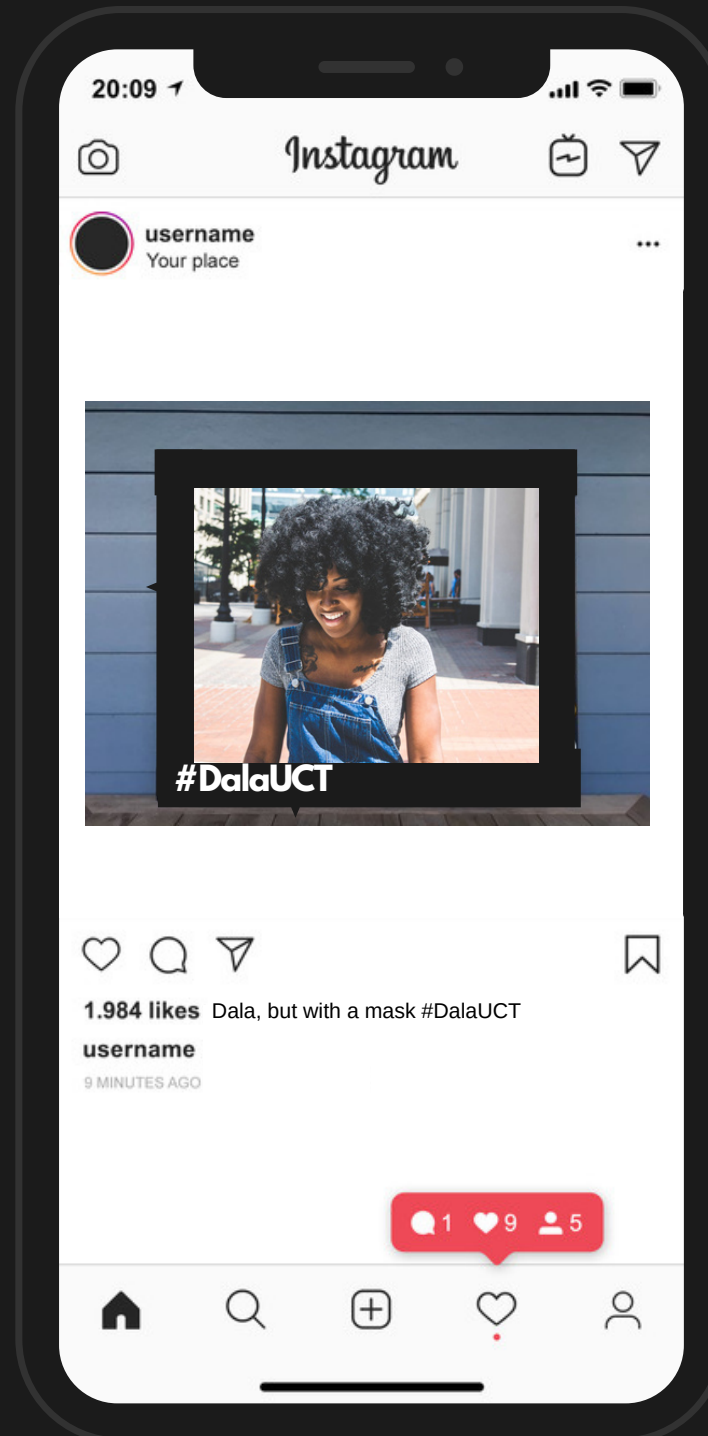

# Formative Research

- Online surveys and Zoom interviews
  - Can choose to participate in interviews to obtain further information
  - Seeking to answer:
    - Where do they obtain most of their information regarding COVID-19?
    - What is the most used social media platform?
    - What challenges do they face in accessing social media?
    - How at risk do students feel?
    - What precautions do students currently take?
    - How likely are they to take part in preventative measures/what would motivate them to do so?
    - How do students feel about going home/another lockdown?
